

SF 0102

SF 0102

With coloured lights in pedalls

Product measurements: 1930 x 340 x 1050

Pedal support: 3 Stages

Motor Voltage: 36 V

Battery type: Lithium battery

Gears: 7

Diameter of wheels: 26" 660 mm

With lock protected removable battery

Maximum speed in which electric help will be active: 25 km/h

Distance on one charge (depending on the level of electric help): 40 to 55 km

Frame: Aluminium

Motor type: brushless, in front wheel

Motor Watt: 180 W

Battery specifications: 36 V, 10 AH

Net weight: <25 kg

Distance between the wheels: 1170 mm

Maximum load: 100 kg
